Quality Care, Close to Home

Health Care for Craig and Moffat County

Our mission is to improve the
 quality of life for our community
 through patient-centered care
 and service excellence.

the memorial hospital
 at craig

For over 65 years,
The Memorial Hospital and
associated family of clinics has
been part of our community here
in Moffat County — providing
compassionate, quality health
care, right here at home.

Our Hospital & Clinics

Each year, our **Hospital** welcomes many new lives into our birthing center, provide thousands of emergency visits, inpatient stays, surgeries, scopes, and completes nearly 100,000 lab and radiology procedures. We've added advanced equipment in our operating room, orthopaedic center, women's health and other areas. Our patients value feeling

Choose TMH**

at home with our staff members, who strive for excellence every day.

Our **Medical Clinic** is home to our physicians in cardiology, family medicine, general surgery, internal medicine, ob/gyn and women's services, pediatrics and visiting specialty clinics. We offer a walk-in clinic with extended hours.

Our **Northwest Colorado Orthopaedic & Total Joint Center** provides orthopaedic care from general needs including fracture & tendon repairs and arthroscopic surgery to advanced surgeries including total joint replacement and revisions.

Our **Rehabilitation Center** rounds out our services by providing orthopedic and manual physical therapy, sports physical therapy and rehabilitation, injury prevention, occupational therapy and sports massage.

Dedicated to the Community

The Memorial Hospital is continually growing. With close to 250 staff, we are one of the largest employers in town. We have approximately 40 physicians with hospital privileges and nearly a dozen of those are employed. We take our charge as the primary healthcare provider in Moffat County seriously, and value our partnerships with several local organizations, including the Moffat School District for whom we sponsor a certified athletic trainer for high school athletes.

We invite you to get to know us. We are confident you'll feel right at home. Tours available upon request.
