Our family
caring for yours

Healthcare for Northwest Colorado and Southern Wyoming

Our mission is to improve the quality
of life for the communities we serve
through patient-centered healthcare
and service excellence.

For over 70 years,
Memorial Regional Health and its
associated family of clinics has
been part of our community —
providing compassionate, quality
health care, right here at home.

Memorial Regional Health Hospital and Clinics

Each year, our **Hospital** provides thousands of emergency visits, inpatient stays, surgeries, scopes, and completes nearly 100,000 lab and radiology procedures. We have advanced equipment in our operating room, orthopaedic center, women's health and rehab areas. Our patients value feeling at home with our staff members, who strive to offer complete care for our community.

Our Family Caring for Yours

Our partnership with the **Steamboat Orthopaedic and Spine Institute** allows us to provide comprehensive sports medicine and orthopaedic services to the Moffat County community, including diagnosis and state-of-the-art treatment of any injury or chronic condition of the musculoskeletal system, with sub-specialty expertise in the areas of hand/wrist, elbow, shoulder, hip, knee, total joint replacement, foot/ankle, and operative and non-operative spine.

Our **Rehabilitation Center** rounds out our services by providing orthopaedic and manual physical therapy, sports physical therapy and rehabilitation, injury prevention, cancer and lymphedema therapy, occupational and speech therapy.

Our **Steamboat Specialty Clinic** provides Steamboat Springs residents with dermatology and the only podiatry services in the region.

Dedicated to the Community

Memorial Regional Health is continually growing. With over 400 employees, we are one of the largest employers in the region. We have approximately 40 physicians with hospital privileges and many are employed. We take our position as the primary healthcare provider in Moffat County seriously, and we value our partnerships with several local organizations, including the Moffat County School District for whom we sponsor certified athletic trainers for high school athletes, a full-time school nurse, and full-time health technicians.

We invite you to get to know us better. We are confident you'll feel right at home. Tours available upon request.
