

Compassionate Care and Support:

Our SANE Program at Memorial Regional Health

The Sexual Assault Nurse Examiner (SANE) program provided by Memorial Regional Health offer patients specialized medical care and forensic-evidence collection following an assault. Our team of specially trained nurses provides comprehensive medical evaluations, forensic examinations, and emotional support to victims of any type of assault.

If you are in danger, call 911 immediately or go to the emergency department for medical care and treatment. Remember, you are not alone.

Why Choose Our SANE Program?

Compassionate Care: Our team of nurses is dedicated to providing compassionate and respectful care to victims of any type of assault.

Expertise: Our nurses are specially trained in forensic nursing techniques and trauma-informed care to ensure the best possible outcomes for victims.

Confidentiality: We prioritize the privacy and confidentiality of our patients, providing a safe and supportive environment for victims to receive care.

Support Services: In addition to medical care, we offer referrals to counseling services, legal advocacy, and support groups to help heal and recover.

Talk with a qualified Nurse Examiner by visiting the MRH Emergency Department or calling 970-826-3211.
