

# Get to Know Kelsie Bond, PA-C FAMILY MEDICINE

Physician assistant Kelsie Bond works in both our Moffat County Clinic and our Walk-in Clinic, soon to be Rapid Care. She brings energy and insight to our family medicine team.

**What's your style as a PA?** Spending time talking with patients about their lifestyle and educating them on their conditions is something I like to do. Also, I like to give patients good/better/best treatment plans that they can pick from. In doing that I build a stronger relationship with my patients while making health changes that fit their lifestyle and improve their overall health!

## **How did you and your husband Jesse meet?**

We met through my roommate in college. What's funny is that our paths crossed several times before we officially met. For example, Jesse worked for the fire department in my home town that many longtime family friends worked at as well, and when one of those family friends unfortunately passed away, he and I attended the funeral without knowing each other. Walking in, I commented to my mom that the doorman was pretty cute. I realized later it was Jesse! My mom and I still laugh about that.

**What's something you're good at and that you enjoy?** I have been riding horses all my life, and in my younger years I won multiple championships in barrel racing. Now that my horse is older we just trail ride, and we have been starting to work cows.

**Do you have pets?** Jesse and I have two horses—Slammer and Dollar. I've had Slammer since high school. Dollar we just got a few months ago for Jesse to ride. We enjoy trail riding and ranch sorting, and we have made an annual tradition with my sister and brother-in-law in Clark to get our Christmas tree on horseback. We also have two dogs, Jetta and Flash.

**Rapid + Care**  
MEMORIAL REGIONAL HEALTH

**Opening March 19!**

2020 W. Victory Way ■ Downtown Craig ■ (970) 826-8300 ■ [memorialregionalhealth.com](http://memorialregionalhealth.com)
