Public Participation Statement

Before we move to the public comment portion of this meeting, we would like to go over the Board's rules for public participation. The Board of Trustees welcomes any citizen to express an interest or concern related to the operation of the Hospital during the public comment period of the meeting agenda. Anyone intending to speak to the Board should sign the speaker sign-in sheet. To ensure an efficient and productive meeting, each speaker should limit his or her comments to two minutes. The Executive Assistant for MRH will keep time for each member of the public who wishes to comment. If you go over the allotted time, the Chair will ask you to conclude your comments and sit down.

The Board usually will not be able to respond to individual questions at the meeting. Instead, questions will be referred to appropriate Hospital personnel for study and response. Complaints against individual Hospital employees should be sent to the CEO or the Board in writing with your signature. Please keep in mind that individuals of all ages often attend board meetings. Speakers' remarks, therefore, should be suitable for the public setting and the audience in attendance. The Board Chair may interrupt, warn or terminate a speaker's statement that is unrelated to the business of the Hospital, is inappropriate for the public setting/audience, or is disruptive to an orderly, productive meeting.

Thank you.
